

I S H Q H A — K H I D Z R

I am a multidisciplinary graphic designer currently based in Bristol who focuses on type and layouts to communicate visually effective and uncluttered design, while also maintaining a meticulous approach to work.

My most recent work experience was as a graphic designer, with previous experience in UI/UX. I am a UWE Bristol alumnus and looking for opportunities to gain further experience and diversify my portfolio as a designer, with an open mind.
